

Hazard and Risk Management & Permit to Work Refresher and Safe Work System Transition Training

Refresh your ability to manage risks and identify hazards in the workplace and make the transition to Fonterra's Safe Work System [SWS].

Hazard and Risk Management & Permit to Work Refresher and Safe Work System Transition Training

Refresh your ability to manage risks and identify hazards in the workplace and make the transition to Fonterra's Safe Work System (SWS).

This refresher and transition training course will allow you to review, reinforce and enhance your existing knowledge and skills, whilst learning about new developments relating to your role within Fonterra's Safe Work System. The course has been specifically designed for those people who have previously completed an NZQA Accredited Fonterra Permit to Work course, as either a Permit Issuer or Permit Receiver.

Hazard and Risk Management & Permit to Work Refresher and Safe Work System Transition Training

Refreshed unit standard listed [*If currently held]	17588	Apply for, accept, and carry out work according to a work permit in the workplace
	17590	Issue worksite specific work permits
	17602	Apply hazard identification and risk assessment procedures in the workplace
Course Duration	One Day (8 Hours)	
Availability	<ul style="list-style-type: none"> ✓ Nationwide at one of our training centres ✓ At your own site or workplace 	

Key Learning Outcomes:

- ✓ Demonstrate knowledge of the changes and understanding of Fonterra's Safe Work System
- ✓ Ability to complete the new JSAA form, and the new Permit Form
- ✓ Understand how to use the risk matrix and its application within the JSAA
- ✓ Successful completion allows you to continue as an Issuer or Receiver on Fonterra sites
- ✓ Describe hazards that may harm workers, the work environment, and organisations
- ✓ Explain health and safety requirements for hazard control
- ✓ Describe hazard control methods and identify hazards and apply risk assessment procedures
- ✓ Explain the types of work permits, the roles of those involved in the work permit system, and the requirements for receiving or issuing a work permit
- ✓ Explain the preparatory requirements when applying for a work permit
- ✓ Accept a work permit and undertake work under the permit and describe and carry out the controls and actions to be taken at the end of a work period or upon the completion of work
- ✓ Understand what to monitor, close or audit work permits

Please note that a Go Safe Card will be issued recognising your transitioned knowledge and competency in the new Fonterra Safe Work System following successful completion of this course.

If you did not complete your original training with Safety 'n Action then we may require evidence of competency.
