

Health and Safety at Work Seminar

Ensure you understand the key requirements of the Health and Safety at Work Act (2015) and if your organisation is compliant with these. Use this seminar to seek clarification around any concerns or gaps and identify recommended solutions with our health and safety expert

Health and Safety at Work Seminar

Ensure you understand the key requirements of the Health and Safety at Work Act (2015) and if your organisation is compliant with these. Use this seminar to seek clarification around any concerns or gaps and identify recommended solutions with our health and safety expert.

The seminar provides a foundation for you to create a plan for addressing improvements and change within your organisation, ensuring compliance with the Act, as well as reviewing latest case studies to demonstrate commercial risk. We will also cover relevant terminologies, such as PCBU, Officer and Worker, to clarify the responsibilities and duties of these groups or individuals.

Key Learning Outcomes:

- ✓ Overview of the Health and Safety at Work Act (2015)
- ✓ Gain understanding of regulatory agencies
- ✓ Gain understanding of the new legislation
- ✓ Understanding of terminology used
- ✓ Understanding of penalties
- ✓ Overview on Worker Participation and Engagement, Health and Safety Representatives and Health and Safety Committees responsibilities
