

Fire Extinguisher Refresher

Refresh your knowledge in the operation of different types of fire extinguishers and fire suppression techniques used in the workplace

Fire Extinguisher Refresher

Refresh your knowledge in the operation of different types of fire extinguishers and fire suppression techniques used in the workplace.

This refresher course will provide you with an up to date reinforcement of understanding regarding the different types of fire extinguishers and give you the practical skills to put out a fire using the correct equipment, whilst learning about new developments relating to effective fire suppression.

** If you did not complete your original training with Safety 'n Action then we may require evidence of competency*

Key Learning Outcomes:

- ✓ Demonstrate knowledge of the basic principles of the physics and chemistry of fire
- ✓ Understand the fire classes and fire suppression techniques
- ✓ Select and implement a strategy to deal with fire
