# Asbestos Removal – Class B

Under the Health and Safety at Work [Asbestos] Regulations 2016, a PCBU [a company, sole trader, or self-employed person] is required to have an Asbestos Removal Licence issued by WorkSafe to legally remove more than 10m<sup>2</sup> of non-friable asbestos [Class B].

# Asbestos Removal – Class B

**Under the Health and Safety at Work (Asbestos) Regulations 2016, a PCBU (a company, sole trader, or self-employed person) is required to have an Asbestos Removal Licence issued by WorkSafe to legally remove more than 10m<sup>2</sup> of non-friable asbestos (Class B).**

NZQA accredited training is a prerequisite of the new licensing system for all workers and supervisors. This interactive course is designed for anyone working on a site likely to contain Asbestos, or anyone who may be required to sample or remove any amount of Non-Friable Asbestos or Asbestos Containing Material (ACM). This includes builders, electricians, plumbers, drain layers and other trades.

## Key Learning Outcomes:

- ✓ Identification of Asbestos and ACM
- ✓ Demonstrate knowledge of the associated health risks
- ✓ Interpret relevant legislation and new asbestos licencing rules
- ✓ Select and use appropriate Personal and Respiratory Protective Equipment
- ✓ Take samples safely for laboratory analysis
- ✓ Follow safe removal procedures for non-friable asbestos and ACM
- ✓ Understand requirements for containment and safe disposal of asbestos
- ✓ Conduct personal decontamination procedures
