Height Safety Refresher Webinar

Refresh your understanding of the legal requirements and management of proprietary height safety systems and procedures

Height Safety Refresher Webinar

Refresh your understanding of the legal requirements and management of proprietary height safety systems and procedures. All while accessing the training remotely via webinar.

This refresher course will guide you through the selection and inspection of various fall arrest systems and relevant ropes and knots.

This webinar is completely theory based and refreshes your previous height safety practical training.

If you did not complete your original training with Safety 'n Action then we may require evidence of competency
