Gain the knowledge and skills
to safely operate a powered
industrial lift truck.

TRAIN IN PERSON

Forklift Operator

Gain the knowledge and skills to safely operate a powered industrial lift truck.

This course develops the skills, knowledge and confidence required to start up, operate and drive a forklift in a range of environmental conditions. You will understand the importance of load stability and be able to safely maneuver loads in/ out and around traffic and structures.

Safety 'n Action will assist you in developing a clear understanding of the safety aspect relating to the driving a forklift, and actively engage you in performing pre-operational inspections, reporting maintenance and park and shut down procedures.

Key Learning Outcomes:

- ✓ Demonstrate knowledge of the safe operation of a forklift.
- ✓ Conduct pre-operational inspection and start-up procedures for a forklift.
- ✓ Demonstrates safe driving skills on the road and considers various environmental factors.
- ✓ Park and shut down the forklift ensuring safety and security.
