Workplace Health and Safety Culture

Gain the knowledge of workplace health and safety culture, to prepare you for the workforce

TRAIN IN PERSON

Workplace Health and Safety Culture

Gain the knowledge of workplace health and safety culture, to prepare you for the workforce.

This course will provide you with the ability to describe health and safety work practices in the workplace. As well as providing you with crucial knowledge about general workplace health and safety, communications processes and workplace health and safety culture.

Key Learning Outcomes:

- ✓ Describe types of workplace health and safety practices, their purpose and when they are used
- ✓ Describe the process for health and safety reporting in a workplace
- ✓ Describe notifiable work and notifiable events, and the process for reporting these to the New Zealand health and safety regulator
- ✓ Describe the communications process in terms of health and safety practices
- ✓ Describe workplace health and safety culture
