Capacity
8 Attendees

Half Day or Full Day Workshop
Depending on number of Trainees

Locations
At our local training centre
At your own site or workplace

Overview

VOC field assessments are designed to facilitate the ongoing assessment of trained individuals in their workplace environment. Completing these competency assessments ensures that correct procedures are being used in the workplace

Course Content

- ✓ Identifying, inspecting, and correctly fitting specialised attachments prior to operation.
- ✓ Safely handling and managing loads using specialised forklift equipment in line with workplace procedures.
- ✓ Maintaining safe operation and risk control when using forklift attachments in the workplace.
