Overview

The Drug and Alcohol Management course provides participants with essential knowledge and skills to address workplace substance misuse effectively. Covering topics such as drug classifications, workplace policies, legal responsibilities, and recognizing impairment, this course equips learners with strategies for ensuring safety and compliance. Participants will also explore the role of external resources and support systems in managing drug and alcohol-related challenges, fostering a healthy and productive work environment. Designed in accordance with New Zealand legislation, this course is vital for maintaining workplace integrity and employee well-being.

Course Content

- ✓ Define Drug Classifications, Offences, and Penalties
- ✓ Describe Behaviour and Protocols for Dealing with Impaired Individuals
- ✓ Describe Management of Workers with Drug and Alcohol-Related Issues
