

Forklift Operator Refresher

**SAFETY[™]
ACTION**

**AXIOM
TRAINING**

Refresh your skills and understanding of the requirements to safely operate and legally drive on roads within the parameters outlined in the Approved Code of Practice for Training Operators and Instructors of Powered Industrial Lift Trucks (Forklifts) (1995).

Capacity

12 attendees

Duration

6-8 Hours

Locations

At your own site or workplace

Overview

This 6–8 hour refresher course, depending on capability, is designed to support forklift operators and workplaces in maintaining compliance with industry certification standards. It covers legislative updates, addresses any skill or knowledge gaps, and reinforces the core focus of driver safety and safe work practices.

Prerequisites

Students need to have 3 months of work experience in the industry prior to doing the course.

Course Content

- ✓ Demonstrate knowledge of the safe operation of a forklift
- ✓ Conduct pre-operational inspection and start-up procedures for a forklift
- ✓ Demonstrate safe driving skills on the road and consider various environmental factors
- ✓ Park and shut down the forklift, ensuring safety and security
